Education

Bachelor of Technology(Information Technology)

2021 - 2025

KIET Group of Institutions (AKTU)

CGPA: 7.78

Senior Secondary (PCM)

2019 - 2021

Dayawati Modi Academy (CBSE)

Percentage: 81.6

Matriculation

2017 - 2019

Priyanka Modern School (CBSE)

Percentage: 89.8

Experience

Cisco Networking Academy

May 2024 - July 2024

Cybersecurity Intern

- Completed an intensive internship program on “Introduction to Cybersecurity”, covering core topics like threat analysis, cryptography, and network protection.
- Completed 10+ practical labs and modules with performance above 90
- Gained hands-on exposure to security protocols, risk assessment, and vulnerability identification.

ServiceNow

April 2024 - May 2024

System Administrator Intern

- Completed virtual internship as a ServiceNow Certified System Administrator.
- Managed incident and change requests using ServiceNow ITSM tools.
- Configured automated workflows and dashboards, improving operational efficiency by 30.
- Collaborated in simulated IT operations to troubleshoot and resolve platform issues.

Projects

Fitness Application | *Spring Boot, React.js, PostgreSQL, RabbitMQ, Eureka, OAuth 2.0, Gemini API* Feb 2025 - May 2025

- Built a full-stack fitness tracking platform using Spring Boot microservices, React.js, and PostgreSQL.
- Integrated Eureka Server for dynamic service discovery and centralized configuration with Spring Cloud Config.
- Used RabbitMQ to enable asynchronous, non-blocking communication between microservices.
- Implemented secure authentication and authorization with Keycloak and OAuth 2.0.
- Integrated Gemini AI API to provide personalized fitness recommendations to users. Designed using CI/CD-ready microservices architecture with Spring Boot, React, and RabbitMQ.

Majestic Mathura | *HTML, CSS, JavaScript, Spring Boot, Hibernate, MySQL*

March 2024 - June 2024

- Developed a full-stack tourism web application to promote Mathura, offering location-specific travel and expense-saving information.
- Implemented interactive frontend using HTML, CSS, and JavaScript for a responsive user experience.
- Built backend REST APIs using Spring Boot and Hibernate, managing dynamic content retrieval and user interaction.

Technical Skills

Programming Skills: Java, Python, C, HTML, CSS, JavaScript, SQL.

Technologies/frameworks: React.js , Spring Boot, microservices, Eureka Server, RabbitMQ, PostgreSQL, GitHub , VS Code , Eclipse.

Others : Data Structures , Solved 200+ DSA Problems on leetCode , OOPS.

Courses and Certification

Introduction to Cybersecurity. (Cisco Networking Academy)

Introduction to Java. (Coursera)

Problem Solving in Data Structures and Algorithms.(programming pathshala)

Leadership / Extracurricular

- Actively involved in extracurricular activities and leadership roles. Currently serving as the Head of the Core Team for the college fashion club.
- Organized 5+ major events, enhancing college fest participation.

Achievements

- Coding Domain: Secured 94.85 percentile in Naukri Campus Young Turks, India’s largest skill contest.
- Extracurricular: Won 1st position in a fashion event at Jaipuria Institute of Management.
